

Water Botics

A WATER ROBOTICS SUMMER SESSION

Sponsored by
FRC Team 4499
The Highlanders

and

6 Bits and a Byte
FTC Team 5899

A UNIQUE OPPORTUNITY TO BUILD A WATERBOT!

Come and learn, experience, and apply the practices of engineering design, computer science, and physical science by building and designing robots to both glide along the surface of the water as well as dive down into the depths below.

July 18-22, 2016, time: 1:00-4:30.

Cost: \$125 for the week.

Liberty Common High School

2745 Minnesota Drive,
Fort Collins, CO 80525

If you are interested, please email teaminfo@highlandersfrc.com so we can gauge community interest in this awesome summer session.
