

# WATER ROBOTICS

## A UNIQUE OPPORTUNITY TO BUILD A WATER-LOVING ROBOT!

Come and learn, experience and apply the practices of engineering design, computer science and physical science by designing and building robots to both glide along the surface of the water as well as dive down to the depths below.

## ABOUT THE HIGHLANDERS

We are a FIRST Robotics team of 18 members from 8 different middle and high schools in Northern Colorado. We just finished a great 5th season. This is our 4th year of LEGO robotics summer camps and our 2nd year for Water Robotics.

**REGISTER NOW:** [www.HighlandersFRC.com](http://www.HighlandersFRC.com)

## WHO

Open to Grades 4-10

## WHEN

June 26-30, 2-4 pm

## WHERE

Liberty Common  
High School  
2745 Minnesota Dr,  
Fort Collins, CO  
80525

## COST

\$130
